

BLUE GIANT®

LOMASTER™ DOCK LIFT

Quality construction and loading versatility.
5,000 to 20,000 lb (2,267 to 9,072 kg) rated capacities.

**MODEL - DL
STATIONARY**

Lip simulated for trailer ▶▶

A

Bevel Toe Guards Under Deck

Optional electric toe guard and accordion for enhanced protection.

B

Dual Personnel Restraint Chains

Gates: swing or boom to keep personnel safe by selecting the gate option for your needs and implementation.

C

Optional Spring Assisted Lips

Reduces the manual force required to raise or lower the lip into position. Lip lengths up to 42".

D

Scissor Support Legs

Made from solid steel plate for maximum rigidity.

E

Hand-Held Push Button Control

24V push button (up/down) control with 16' standard straight cord.

F

Hydraulic Power Pack

Pre-wired with control and hand-held push button pendant. No hidden hook-up costs.

G

Powder Coat Surfaces

Prolong the life of your dock lift with our unique weather proof powder coating system.

H

Bolt on Steel Guardrail

OSHA compliant 42" (1,066mm) high bolt on steel guardrail comes with mid rail and 4" (102mm) kick plate.

OVERVIEW +FEATURES

EASY TO OPERATE

- Hand-held 24V push button control with 16' (4.87m) straight cord
- Remote powerpack with 12' (3.65m) hydraulic hose (three-phase, common voltages) and oil included
- Completely sealed, weather resistant cylinders vented back to hydraulic tank to prevent contaminant entry
- Factory pre-wired and tested (UL/CSA approved) motor, controls and push button

MAGNETIC SWITCH

BUILT FOR SAFETY

- Hydraulic pump with built-in overload relief
- Up-travel limit switch
- 8" (203mm) tapered toe guard protection
- OSHA compliant 42" (1,066mm) high bolt on steel guardrail comes with mid rail and 4" (102mm) kick plate
- Precision safety velocity fuses on hydraulic cylinders to prevent platform free-fall
- Dual mechanical flip-down maintenance stops
- Standard diamond plate and powder coat grit finish on deck and lip reduces the likelihood of slipping in wet conditions

SWING GATES WITH INTERLOCK

DESIGN

NEW ADVANCED CONTROL

STRUCTURAL INTEGRITY

- High tensile 18" long lip with full piano hinge
- Factory assembled and load tested
- Hard chromed pivot pins at cylinder and centre pin
- All pivot points feature maintenance-free lifetime lubricated bushings
- Full length steel deck beam for maximum support
- Solid plate steel legs for maximum rigidity
- Rolling load capacity up to 100% on ends

ROBUST DESIGN

INNOVATION AND QUALITY

- Motion Indicating:
 - Horn
 - Flashing amber beacon light
- Interlock swing gates
- Electric toe guard with magnetic switch

ADVANCED SPRING ASSIST

Pat US 10,597,242

INNOVATIVE APPROACH

- Reduce the manual force required to operate
- Compression spring assist system eliminates aluminum lip
- Easy spring calibration avoiding lip dismantling
- Full piano hinge for extra structural support
- Undermount springs not directly exposed to wear and tear and environmental factors

Stationary Dock Lift Specifications - 5HP @ 3.8 GPM

Deck Length	Rated Capacity lb*	Lowered Height	Vertical Travel	Raised Height	Lift Time† (Sec)

	15,000 & 20,000	21"	59"	80"	93

Available width: 72", 84", and 96" as standard. Consult for all custom sizes. 60" is available on 96" and 108" lengths.

#100% Rated Capacity

Powerpack Specifications/Dimensions

Std. Powerpack	GPM	Lift Time Conversion†	Length	Width	Height	Shipping Weight
3 HP	1.9	multiply lift time by 2	15" (385 mm)	15" (385 mm)	26" (660 mm)	55 lb (25 kg)
5 HP	3.8	see chart†	15" (385 mm)	17" (431 mm)	28" (711 mm)	70 lb (32 kg)
7.5 HP	5	multiply lift time by 0.76	22" (558 mm)	24" (609 mm)	30" (762 mm)	175 lb (80 kg)
10 HP	7	multiply lift time by 0.52	22" (558 mm)	24" (609 mm)	32" (812 mm)	200 lb (91 kg)

Model Number Ordering Format: Model Capacity - Width X Length - Lowered Height

Sample Model Number: DL6 - 72 X 96 - 10

* Capacities are based on evenly distributed loads. Single axle rolling load capacity is 80% of rated capacity across the ends and 50% of rated capacity across the sides - based on model.

†Nominal lift time with rated load - based on factory test conditions.

Note: Consult factory for custom sizes and capacities.

All dock lifts come with 18" (457 mm) long x 60" (1,524 mm) wide lip on rolling end.

Motor, controls, push button factory pre-wired and tested (UL/CSA approved)

OPTIONS

- Electric toe guard protection
- Accordion safety skirting
- Mechanical pop-up run-off guard
- Low temperature oil
- Immersion heater for oil reservoir
- Key switch on push button
- Push button on coil cord
- Deck mounted push button control
- Lip: Split, hydraulic, spring assist, extended length, multiple
